Subject: Meeting with Reckitt Benckiser

John, Bo, and Dan –

Hal Ambuter just sent me an e-mail stating that he will be in DC next Thursday, February 25th, and would like to see if you are available for a meeting. Hal would like to discuss:

- * Tier 1 stations (we just submitted four Tier 1 applications)
- * new bait station concepts
- * Tier 3 advertising

Hal has to be done by noon so it would have to be in the morning. Would this work for any of your schedules?

Regards,
